

KHYBER PAKHTUNKHWA INTEGRATED TOURISM DEVELOPMENT PROJECT (KITE) CAPACITY BUILDING WORKSHOP

KITE, in partnership with Synercon Engineering and NEC-ICEPAK JV Consultants, concluded a two-day Capacity Building Workshop on Integrated Solid Waste Management at Shelton Rezidor Upper Dir. Led by **Synercon's Directors, Dr. Irfan Khan and Saaddat Khattak**, the workshop brought together stakeholders from District Administration Dir, TMA, KDA, CTA, and Tourism Police Khyber Pakhtunkhwa. Participants gained insights into sustainable waste practices, reduction strategies, and innovative technologies. This event marked a significant step towards a sustainable waste management system in Khyber Pakhtunkhwa.

SOCIO-ECONOMIC SURVEY IN JAMRUD, DISTRICT KHYBER

Our team has successfully completed a comprehensive socio-economic survey in Jamrud, District Khyber, assessing over 100 households. The survey provided essential insights into the region's economic conditions, social dynamics, and infrastructure needs.

Our approach included in-depth interviews and focus groups, allowing us to gather valuable data to better understand and address local challenges. This information will be pivotal in developing effective strategies and solutions tailored to the needs of the community.
