

SYNERCON HEADQUARTERS TEAM BUILDING RETREAT: A DAY OF GROWTH, COLLABORATION, AND INNOVATION!

The headquarters team of Synercon recently convened a dynamic and engaging team-building retreat to enhance collaboration, foster innovation, and promote personal development. The meticulously organized activities enabled the team to strengthen interpersonal dynamics, reinforce their commitment to excellence, and cultivate a deeper sense of unity. Furthermore, these efforts contributed to their dedication to shared objectives and supported the establishment of a culture centered on continuous improvement.

The retreat not only enhanced team cohesion but also ensured alignment with Synercon's vision for success and leadership. The insights obtained will be crucial as the team continues its pursuit of excellence and growth.

SYNERCON AND VOR CONSULTANTS SIGN MOU FOR MANGLA LAGOON PROJECT

Synercon is pleased to announce the formal execution of an agreement with VOR Consultants for the Mangla Lagoon Project. This initiative will be carried out under the Design and Build model utilizing the Engineering, Procurement, and Construction (EPC) framework. The agreement was signed by Jabbar Rahim Khan, Chief Executive Officer of Synercon; Dr. Irfan Khan, Director of Synercon; and Usama Qazi, Chief Executive Officer of VOR Consultants. This partnership represents a significant advancement in the pursuit of sustainable and innovative solutions. Synercon anticipates a productive collaboration with VOR Consultants and is dedicated to achieving outstanding results and meaningful progress for the Mangla Lagoon Project.

SYNERCON TECHNOLOGIES FACILITATES MOU SIGNING BETWEEN BACP AND PASHA TO STRENGTHEN PAKISTAN'S IT SECTOR

On January 28, 2025, Synercon Technologies significantly contributed to the establishment of a Memorandum of Understanding (MOU) between the Business Association for Cooperation with Pakistan (BACP) and the Pakistan Software House Association (PASHA). The signing ceremony, conducted at the PASHA office in Islamabad, convened prominent stakeholders, including Jawad Rehman, President of BACP; Sajjad Mustafa Syed, Chairman of PASHA; Jabbar Rahim Khan, CEO of Synercon; and Saadat Ullah Khattak, Director of Synercon. This strategic partnership is designed to foster collaboration and growth within Pakistan's information technology sector, emphasizing cross-industry cooperation, innovation, and the advancement of the software and technology industries.

SYNERCON'S BIM MANAGER ATTENDS BAU 2025 IN MUNICH, GERMANY

Nadeem Khan, the BIM Manager at Synercon, recently participated in BAU 2025, the premier international trade fair for architecture, materials, and systems, which took place in Munich, Germany. This event convened professionals from the global industry to explore innovative solutions in resilient construction, smart building technologies, and sustainable design practices. Nadeem's involvement in this esteemed gathering is expected to yield valuable insights and pioneering ideas that will enhance Synercon's projects, thereby advancing our approach to contemporary construction and design. This experience underscores Synercon's steadfast commitment to remaining at the forefront of industry developments.
